

BioCryst to Present at Two Upcoming Investor Conferences

RESEARCH TRIANGLE PARK, N.C.--(BUSINESS WIRE)-- [BioCryst Pharmaceuticals](#), Inc. (NASDAQ:BCRX) today announced that executives from BioCryst are scheduled to present and provide a corporate summary and update regarding the Company's clinical programs at the following investor conferences:

- Jefferies Global Healthcare Conference in New York on Thursday, June 9, 2011 at 11 a.m. Eastern time
- Wells Fargo Healthcare Conference in Boston on Thursday, June 23, 2011 at 1:30 p.m. Eastern Time

Links to live audio webcasts and replays of both presentations may be accessed on the BioCryst website at www.BioCryst.com.

About BioCryst

BioCryst Pharmaceuticals designs, optimizes and develops novel small-molecule pharmaceuticals that block key enzymes involved in infectious diseases, inflammatory diseases and cancer. BioCryst currently has three novel late-stage compounds in development: [peramivir](#), a neuraminidase inhibitor for the treatment of influenza, [BCX4208](#), a purine nucleoside phosphorylase (PNP) inhibitor for the treatment of gout, and forodesine, an orally-available PNP inhibitor for hematological malignancies. Utilizing crystallography and [structure-based drug design](#), BioCryst continues to discover additional compounds and to progress others through pre-clinical and early development to address the unmet medical needs of patients and physicians. For more information, please visit the Company's website at www.biocryst.com.
